Another Move for Reform.

Another Nove for Reform.

New York, April 13.—Another move in the direction of reform was made by the New York Stock Exchange today, when an amendment to the constitution was adopted, authorizing the law committee to represent the exchange "in conferences with other interests." The committee also authorized "to examine into the dealings of any member of the exchange."

While no amplification of the amendment was vouchesfed, it is understood that its adoption will enable the authorities to deal more directly with offending members.

By laying the report of the Retranshment Committee, as unmended and adopted by the Common Council, on the table, the Board of Aldermen list might practically killed the movement for retrenchment in the administration of the city's financial affairs during the coming fiscal year. #### BLACK AND RICH Is the way Postum should be.

A liquid food that will help a person break a bad habit is worth knowing of. The president of one of the state associations of the W. C. T. U., who naturally does not want her name given, writes as follows:

"Whenever I was obliged to go with-out coffee for breakfast a dall, distract-ing headache would come on before noon. I discovered that, in reality, the nerves were crying out for their ac-customed stimulant.

nerves were crying out for their accustomed stimulant.

"At evening dinner I had been taught by experience that I must refrain from coffee or pass a sleepless night. While visiting a physician and his wife I was served with a most excellent beverage at their dainty and elegant table. and, upon inquiry, discovered that this charming beverage was Postum, and that the family had been greatly benefitted by leaving off coffee and using Postum.

"I was so in love with it, and so pleased with the glimpse of freedom from my one bondage of habit and so thoroughly convinced that I ought to break with my captor, that upon my return home I at once began the use of Postum and have continued it ever since.

"I don't know what sick headache is now, and my nerves are steady and I sleep sound, generally eight hours. I used to become bilious frequently and require physic; now seldom ever have that experience.

"I have learned that long boiling is absolutely 'essential to furnish good Postum. That makes it clear, black and rich as any Mocha or Java blend. Please withhold my name, but you may use the letter for the good it may do.
